* Versus a trigger sprayer per square foot.

[‡] When used as directed on hard, nonporous surfaces. Sanitization claims valid for all vegetative, non-spore-forming bacteria.

Our Portfolio

More than 5,000 U.S. hospitals* rely on Clorox Healthcare® disinfectants to safeguard patient environments. We partner with healthcare professionals to eliminate the environment as a source of infection. We offer a variety of healthcare and professional cleaning and disinfection products for healthcare facilities. For EPA-approved products to use against SARS-CoV-2, the cause of COVID-19, on hard, nonporous surfaces, visit the COVID-19 page on CloroxPro.com.

Manual Cleaning and Disinfection

Healthcare Cleaner-Disinfectants

Ready to use cleaner-disinfectant wipes and liquids designed to kill pathogens on contaminated surfaces and equipment in patient care areas.

Professional Cleaners and Disinfectants

Professional cleaners and disinfectants created to keep non-patient care areas, including waiting areas, staff offices, breakrooms and public restrooms clean, comfortable and odor-free.

Enhanced Decontamination

Electrostatic Technology

Clorox® electrostatic devices offer superior coverage with trusted Clorox® products for large and hard-to-reach surfaces.

Training and Accessories

Effective products are only part of a robust environment-focused infection prevention program. We also offer training tools and accessories to help with the product conversion process and enable compliant product usage.

Contact your Clorox Healthcare® account manager to learn more.

Live in-servicing and training sessions

Training posters, videos and directions for use cards

Reference guides for frontline staff

Brackets and stickers for wipes canisters and buckets
